The rates on the chart are based on your eldest child being under 16 and all other children being under 13. To work out how much you can expect if you have children older than this you'll need to:

- add \$8 to the "FTC" amount for each child (other than the eldest) aged 13, 14 or 15
- add \$13 to the "FTC" amount if your eldest child is 16, 17 or 18
- add \$30 to the "FTC" amount for any other child aged 16, 17 or 18

If you're receiving a foster care allowance (board payments from Child, Youth and Family) or an orphan's benefit, the amounts listed in the chart above may not apply to you. Our online calculator 'Estimate your Working for Families Tax Credits' in the "Work it out" section, key word 'Working for Families Tax Credits', can help you estimate your entitlement. Alternatively you can call us on 0800 227 773 and we'll help you calculate your correct entitlement.

MINIMUM FAMILY TAX CREDIT

If your family income is below \$21,216 a year after tax (or \$24,528 before tax), you may also be entitled to this payment.

The rates shown assume you have one newborn and are entitled to the in-work tax credit. If your situation is different, please call us on 0800 227 773.

Notes

- The amounts in the charts are estimates only, and are initial payment amounts which may alter if your circumstances change. If your income is above \$120,500 or you have more than six children, go to our online calculator 'Estimate your Working for Families Tax Credits' in the "Work it out" section, key word 'Working for Families Tax Credits', or call us on 0800 227 773.
- To see which payment type you are eligible to receive, go to www.ird.govt.nz/wff-tax-credits/entitlement/what-is-wfftc
- You can't receive Working for Families Tax Credits (WffTC) and the independent earner tax credit (IETC) at the same time. If you currently receive the IETC by using the ME or ME SL tax code and are entitled to WffTC, you must change your tax code with your employer at the same time as you apply for WffTC.
